▶ HOT FILLING: Hot filling to the product is suitable, but in case of hot filling, packaging becomes more flexible, immediately after hot filling, the heat must be considered in the case of stacking. To reach the appropriate stacking strength of the plastic packaging, the product and packaging needs to cool down.		
▶ PROPERTIES: Products Suitable for deep freezers. Users can enjoy the benefit of microwave and dishwasher usage. (For microwave, it is recommended to use without cover)		
▶ STACKING (FULL): Stacking depends on many variables, it is recommended that the users make their own testing on issues such as stacking over and over, transportation, etc.		

- ▶ All of our products are produced with the production permission of the Turkish Republic Ministry of Food, Agriculture and Livestock in accordance with the Turkish Food Legislation.
- ▶ Technical specifications can be changed without any notice.
